

Dog Purchase Agreement

This contract is made in duplicate this _____ day of _____, 2013, by and between

_____,
hereafter referred to as the Breeder,
and

_____,
hereafter referred to as the Owner.

The Owner wishes to purchase a purebred and pedigreed Canaan Dog puppy of show and breeding quality from the litter born to the sire: _____
and dam: _____

A deposit of \$_____ is to be provided to the Breeder with this agreement. The deposit will only be returned if there is no puppy suited for the Owner in this litter. The remaining amount owed to the Breeder is \$_____, and is to be paid by the Owner to the Breeder by cash, check, or money order by the time the puppy is given to the Owner.

The Breeder will register the litter with the American Kennel Club (AKC) and the United Kennel Club (UKC).

Included in the purchase price, the Owner will be provided with a pedigree, health records, and the necessary paperwork so that the Owner can finish the registration of the puppy with AKC and UKC. Any shipping expenses will be the responsibility of the Owner.

The puppy will be current on its vaccinations at the time of sale. The puppy will be in sound health to the best knowledge and belief of the Breeder. The Breeder allows the Owner one week to obtain a health exam by a veterinarian of the Owner's choice. In the event a health problem is discovered, the Breeder must be notified by letter from the veterinarian within 7 days of the examination; the Breeder will accept return of the puppy and refund the full purchase price. The Breeder shall not be responsible for any expenses incurred during this period or the expense concerning the return of the dog.

The Breeder will not be held responsible for the health of this dog after one week from the date the dog is received. The Breeder will neither be held liable for any injuries sustained by the dog after it is received by the Owner.

If a bona fide genetic defect such as hip dysplasia or epilepsy is diagnosed before the age of two years, and written notification is sent to the Breeder from the examining veterinarian, the Breeder will refund one-half of the purchase price, even though the Owner elects to keep the dog.

If the dog does not mature to be of show or breeding quality prior to one year of age, the Owner may send a letter to the Breeder explaining why the dog should not be shown or bred. If the Breeder agrees with this assessment, the difference between show and pet quality price will be refunded after the dog has been spayed or neutered.

The well-being of this dog is of the utmost concern to the Breeder, and the Owner agrees to give this dog the proper medical care, food, shelter, and attention. The Owner agrees not to leave this dog tied outside for extended periods, nor ride loose in the back of an open pickup truck. The Breeder retains the right to reclaim ownership of this dog if a veterinarian or humane organization deems that this dog is not receiving proper care.

If the Owner becomes unable to keep this dog for whatever reason at any time during its life, the Owner agrees to return the dog to the Breeder. There shall be no refund of full purchase price after the puppy is 3 months of age.

The Breeder will be available for consultation on any aspect of care or training of the puppy. The Breeder requests that the Owner keep the Breeder informed of the puppy's progress and should contact the Breeder if any problems arise.

On _____ the Owner has in good faith deposited \$____, with the balance of \$_____ due and payable when the puppy is given to the Owner.

Owner(s): _____ Date: _____
